

Lebanon Shaken by a Series of Explosions

BY TOM MASTERSON

BEIRUT, Lebanon (AP) — Beirut was shaken again today by explosions, sniping from building tops and battles between police and rioters.

Seven bombs exploded during the night but calm generally prevailed until midmorning. Then rioters surged through the streets in demonstrations against the pro-Western government of President Camille Chamoun.

An explosion rocked the Place de Canon in the heart of the business district and several persons were killed. Police quickly cordoned off the area and rounded up more than 100 people.

Snipers on the roofs of buildings fired at people in the streets and demonstrators fought to disrupt normal life in the city.

The United States is flying weapons to Lebanon, where disturbances have been under way for six days.

Has Praise for the Lebanon Government

WASHINGTON (AP) — The United States today praised what it called the "courageous efforts" of the government of Lebanon to preserve Lebanese security. A spokesman said this country has dispatched some anti-riot weapons for use by the police there.

A statement issued at the State Department in effect extended U. S. moral support to the Lebanese leadership in its struggle with violent demonstrations widely attributed to agitation by the United Arab Republic.

Press Office Joseph Reap said that since 1956 the United States has trained Lebanese police in this country and has furnished certain equipment for them.

Aged Couple Burns to Death in Clog Area

An elderly Negro couple burned to death in their home in the Clog Community about 9 o'clock last night.

The victims were R. W. Brown, 60, and his wife, Lennie, 78. They had lived in Hempstead County for many years, Sheriff Jimmie Cook said.

Sheriff Cook said the fire is believed to have started from a coal oil lamp. A son and a grandson of the couple had left the house only a short time before to get something at the Clog store. When they returned the house was ashes.

The bodies were recovered and brought to Hope by Hicks Funeral Home.

Sheriff Cook said his investigation indicated no sign of foul play.

Re-working the 'Little House'

Great Sorrow Comes to This Family — Their Only Children Are Now Rock 'n Roll Fans

NEW YORK (AP) — Sorrow comes in time to many fine old families. But the tragedy that has befallen Louis and Elaine Lorillard of Newport is indeed almost unbearable.

Their only two children—Pierre, 8, and Didi, 11—are rock 'n' roll fans.

"We are doing our best to convert them," said Elaine bravely, "but so far we have had no luck."

What makes her plight even more ironic is that she and her husband, an eagle offshoot from the proud old Lorillard tobacco tree, are perhaps America's leading missionaries for a pre-rock 'n' roll type of music — the one known as jazz.

In fact they are famous for having brought jazz to Newport, the sedate Rhode Island seaside resort where they dwell in a mansion so large Mrs. Lorillard never has found enough free time to count its rooms.

Until 1954 the most notable music in Newport was the soft slap of surf on sand, the gentle murmuring of hardening arteries and the vague noises of near old ladies reading the novels of Henry James aloud to cure their insomnia.

But in that year the Lorillards staged the first of a series of annual jazz festivals there.

"The barriers of the Old Guard—their dogmatism—were raised at once in an icy wall against the invasion."

"The resentment wasn't so much against the music, as the fact the town was overrun all at once by 3,000 visitors," said Elaine. "But the tradespeople were happy."

"We were boycotted for a time socially, in a very subtle way. I think that's all over now, but frankly I don't care."

The truth is that many of the Old Guard have swung the other way. Many are looking forward to the fifth jazz festival this summer, at which 60,000 visitors are expected.

It will be featured by a special band made up of young jazz musicians from 17 foreign countries, including two from behind the Iron Curtain. A concert will be recorded by the Voice of America and broadcast overseas.

"This should be very exciting," said Mrs. Hamilton. "So many European jazz is the only form of culture America has produced."

House Okays Foreign Aid Measure

WASHINGTON (AP) — Eisenhower administration sources said today they will ask the Senate to vote more for foreign aid than the \$3,000,000 authorized by the House for the year starting July 1.

House passage of the big measure of a 259-132 roll-call vote Wednesday night tossed the issue to the Senate Foreign Relations Committee. Chairman Theodore F. Green (D-R.I.) scheduled closed sessions to write a bill starting next Tuesday.

The House knocked down all new money-cutting moves by lopsided margins. The bill had already been trimmed by the Foreign Affairs Committee 339 million dollars below what President Eisenhower said is the least needed for American and free world strength.

Advance signs were that the senators would vote authority for more funds, leaving the final amount to House-Senate compromise. Opponents focused on the separate appropriations bill that must be voted later to supply the actual cash.

Kidnap-Slayers Elude Police, Finally Surrender

POPLAR BLUFF, Mo., (AP) — A railroad man was slain and a service station attendant kidnaped in a wild crime spree today in which two of the three kidnapers surrendered at Clarksville, Miss., after eluding Arkansas troopers.

Officers identified them as Linda Rollins, 18, and Archie Moore, 25, both of Desloge, Mo., where the slain victim, James Huskey, lived. The pair walked into the Clarksville police station.

"They said the third kidnaper left them at Memphis, saying he had friends there. They identified him as Billy Newhouse, already sought by the state patrol for the crimes."

The trio had escaped Arkansas state patrolmen near Bald Knob, Ark., after high-speed chase a few hours after the kidnaping of George Tubbs, 20, at Poplar Bluff. Tubbs escaped to a Newport, Ark., restaurant, where he was stabbed before he broke away.

The two kidnapers said Newhouse threw the death gun into the Mississippi River at Memphis. They claimed they had been held captives themselves by Newhouse.

The body of James Huskey, 58, was found in his home at Desloge, a town of about 2,000 population 60 miles south of St. Louis. It was discovered after ownership of the car had been traced to Huskey.

Tubbs told police one of the kidnapers, a red haired man about 27, had bragged that he had murdered his uncle in Desloge.

L. V. E. Maxey of the Missouri Highway Patrol said a warrant would be issued for Billy Newhouse, about 27 and red haired, who lives near Desloge.

State police theorized Huskey had been killed during the night. His wife had spent the night at the home of her aunt. State police said no motive was apparent except possibly there had been an argument over money.

Tubbs said he threw coffee into the face of one of his captors and the stabbing occurred during a scuffle on the floor.

Tubbs staggered to a nearby house and asked help while the three fled.

The other kidnaper was described as about 25 and about the same size as the red haired man, said to be about 5-foot-9 and 170 pounds.

Tubbs said the woman with whom he was called "Baby," about 20, tall and thin with blonde hair. The trio took \$45 and 14 gallons of gas at gunpoint at the service station located near Poplar Bluff, Missouri, on U. S. Highway 67. Then they forced Tubbs into the car.

Tubbs said the red-haired man was armed with a .22 caliber pump rifle and a pocket knife. Four .22 caliber rifle shells were found near Huskey's body. Maxey said Huskey had been shot in the head and chest.

Defense Pleading Starkweather Insane

LINCOLN, Neb. (AP) — The defense laid plans today to present portions of statements by Charles Starkweather describing fully the death of 10 persons he has admitted killing.

The defense has pleaded Starkweather innocent by reason of insanity.

The sections are those the state deleted in offering into evidence two statements Starkweather, 19, signed after his capture in Wyoming last Jan. 29.

The prosecution presentation delayed only the events leading up to the actual slayings of nine of the 10 persons.

The other section related in full the murder of Robert Jensen, 17, Bennett, Neb., high school student, for whose death Starkweather is being tried.

Moscow Puts Up Another Big Sputnik

BY HAROLD MILKS

MOSCOW (AP) — The Soviet Union today launched its third and largest Sputnik, an 110,000 pound weighing nearly a ton and a half.

A special announcement by Tass, official Soviet news agency, said the new earth satellite, fired in connection with the Soviet International Geophysical Year program, was jammed with apparatus and instruments for probing the secrets of outer space.

The announcement gave no indication that the latest satellite carried a living passenger, a companion to the dog Laika which went up and died with Sputnik II.

Instead it listed the numerous items of equipment with which it said the new Sputnik would report on the upper layers of the earth's atmosphere as "a contribution of Soviet scientists to world science."

The announcement gave no indication of the launching power of the new Sputnik nor the location of its launching site.

It reported the Sputnik was orbiting normally at the rate of one circuit of the earth every 108 minutes and reaching a maximum altitude of 1,108 miles. The weight was announced as 2,019.63 pounds or more than double the 1,120-pound weight the Russians reported for Sputnik II.

The new Sputnik joins three American satellites circling in outer space, the largest of them weighing 30.8 pounds. Russia's two earlier satellites have re-entered the earth's lower atmosphere and disintegrated.

The announcement said the satellite entered its orbit at an angle of 95 degrees to the equatorial plane, indicating it will loiter almost the entire inhabited part of the earth from close to the Arctic Circle to just above the Antarctic Circle.

Believes Riots to Strengthen Inter-Americans

WASHINGTON (AP) — President Eisenhower warmly welcomed Vice President Nixon home from South America today and said Communist-inspired riots against him there would simply strengthen inter-American friendship.

And from thousands of citizens and well-wishers there was a rousing welcome for the vice president and his wife.

The thousands packed about the airport and gathered along the roadways into Washington.

Diplomats, congressional leaders and Cabinet officers joined the President in the official welcoming group.

In predicting the rudeness to the Nixons in Peru and Venezuela will, in the end, strengthen inter-American ties, Eisenhower said it would have this result, because the American nations in their common association resent any Communist leadership against their unity and interest.

Nixon, in response to Eisenhower, attributed the mob attacks to a minority who did not understand the purposes of the United States.

He said the great majority of the people in all walks of life are friendly to the United States today.

Nixon offered that as the principal observation of his eight-month tour.

Eisenhower paid high personal tribute to Nixon, saying the vice president under trying conditions had conducted himself efficiently and effectively and with great dignity. After Mr. Nixon wound up his remarks, he and Eisenhower climbed into an open top automobile.

Vaccination of Dogs to Continue

Wednesday 228 dogs were vaccinated for rabies in 20 scheduled community centers. These dogs were presented for the immunizing treatment by 138 owners says County Agent Oliver L. Adams.

On Wednesday, May 11, twelve additional centers for rabies vaccination have been scheduled by County Agent Adams at the request of community leaders. At these scheduled places on Wednesday Veterinarian Herbert Rogers vaccinated each dog present at a special fee of \$1.00 per animal.

To date this year one cow was destroyed by her owner because she was thought to be rabid. Last week two children were bitten and the mother scratched by the family dog that died a few days later. This family dog may have been rabid. Several dogs have been reportedly attacked by sick animals.

A good vaccination gives a dog not exposed protection for a year or more. Vaccination of dogs is the means of keeping a rabid outbreak under control. It takes about three weeks for an animal to develop immunity after proper vaccination.

Mr. Adams says the plan of vaccination is to leave each center at the hour shown. Therefore, all concerned should be prompt. The centers scheduled for next Wednesday are: 7:00, Anthony Mill on 29 south of Hope; 7:20, Sheppard store on 29 about 7 miles south; 8:00, Patinos at Rider store; 8:20, Bethlehem Church on 29 about 11 miles south; 8:45, B. B. Phillips farm southeast of Spring Hill; 9:00, Spring Hill at Collins store; 10:00, Ruby Long Grocery on No. 4 north of Hope; 10:30, Washington 10-45; 11:30, Joe Rowe store on No. 29 north of Hope; 12:00, Tel-E-Tex Company east of Hope on 27; 12:30, Bob Ottwell store at Shaver Springs.

Arkansas State Police Sgt. Bill Reed said Tubbs was stabbed in the left side with a pocket knife but apparently was not seriously wounded. Tubbs, who threw coffee in the face of one of his captors, broke away after a scuffle and staggered to a nearby house where he asked for help. He was taken to a Newport hospital.

A short time later, State Trooper Emmett Fleming radioed that he had chased a speeding car, apparently occupied by two men and a girl, but lost the auto on rural gravel roads near Bald Knob, Ark., 28 miles southwest of Newport.

Tubbs told Reed the three were armed with a .22 caliber rifle,

Piano Pupil Stabs Teacher to Death

LITTLE ROCK, Mo.—A quiet, polite boy was the way almost everyone described 12-year-old Joe Grabber.

"An awful thing" was the way a neighbor described the enraged boy chasing his piano teacher from her home and plunging a knife into her again and again.

Officials today were still investigating the slaying of the teacher, Mrs. Kirke Killian, who was dead on arrival at a Little Rock hospital yesterday.

The 64-year-old widow, who had given lessons to Joe for four years, was stabbed at least 18 times with a hunting knife the boy wore in a scabbard on his belt, Police Capt. A. M. Haynie said.

Police got conflicting stories. "She got mad and hit me because I made mistakes," Joe said. "Then he said Mrs. Killian hadn't hit him, and later said he wasn't sure what had happened."

No one else was in the house. Neighbors said they heard Mrs. Killian scream and saw her come running out of the house with Joe chasing her.

"Boy, stop that," Mrs. Bernard also shouted.

Joe looked up, Mrs. Kelso said, and then plunged the knife into Mrs. Killian's body again.

Then he went into the house to

Ward Lashes Arkansas' Divorce Law

TEXARKANA, Mo.—Governatorial candidate Lee Ward laid a plank in his platform in a television speech here last night.

If he is elected governor, the Paragould chancellor judge said, he will urge the Legislature to restore a law of the 1930s requiring one year of residence to obtain a divorce in Arkansas.

He said the state's current divorce law is bringing in "some of

the dirtiest and costliest money ever to be spent in Arkansas."

Ward has ruled unconstitutional a 1937 legislative act designed to allow persons to obtain divorces after three months of residence. The act was aimed at getting around a state Supreme Court ruling that the divorce seeker had to show an intention of living in Arkansas.

Ward's ruling, made in a case in his court, has been appealed to the state Supreme Court.

Last night's television address here was a follow-up to a TV speech Ward made on April 28. He was unable to get an outlet in this area then.

He devoted much of his speech to discussing his views on advancement of industry through local cooperation.

He read several letters he said he had received in which his candidacy was praised and Gov. Orval Faubus criticized.

Chancellor of Austria to Visit U. S.

By RICHARD KASISCHE

VIENNA, May 14 — Austria's conservative chancellor, Julius Raab, leaves Friday to visit President Eisenhower and tour the United States for three weeks.

His view is that while little Austria is militarily neutral there can be no political neutrality that Austria's overwhelmingly are for the West.

Raab (pronounced Rob) has said this many times even in 1955 at a party the Kremlin hierarchy gave for him and his delegation during negotiations for the Austrian Freedom Treaty. He took occasion to say again in a recent discussion with reporters.

This will be Raab's first visit to the United States since 1951.

This will be Raab's first visit to the United States since 1951 when he went to a far west as St. Louis and also visited Canada. At 66 he is a round-faced, bespectacled, smiling and fatherly looking man who has made quite a good comeback from a stroke suffered last August.

Behind Raab's smiling visage is a shrewd brain that won him a

fortune as an engineer and road builder before he went into politics. He won a new four-year term as chancellor in the May 1956 general elections. His conservative People's Party won 82 parliamentary seats against the socialist 73. The margin was too narrow to permit the People's Party to govern alone so it has the socialist as a coalition partner.

THORN BUSH CUTTING

Only Clatsburg thorn bush in the United States is said to be at the National Cathedral, Washington, D. C. The cutting was taken from the original Clatsburg thorn near Clatsburg, England, which is said to have been planted by Joseph of Arimathea, the merchant who gave his private tomb for the burial of Jesus.

Girl Friends Resist
'Irresistible' Guys

Dear Dorothy Dix: Personality plus! That's us — two pals whose girl friends have left us and we want to get them back. Will you tell us what tactics we should use to bring them humbly to our feet? **IRRESISTIBLE**

ing behind it. You'll need the full battery of your personality plus a new ingredient — modesty — to bring the wanderers back.

Dear Dorothy Dix: I have been divorced for eight years and have been keeping house for a man for six years. He hasn't made an offer to marry me. I've bought several household things with my own money. My problem is: Should I leave and take these things, or stick it out hoping for a proposal? I'm not happy now. **CELESTE**

Conway Student to Get Peace Plaque

CONWAY, Ark. (AP) — Paul Han, a 23-year-old Korean student at Hendrix College, will fly to Washington tomorrow to receive an achievement plaque for his work as chairman of the International Student Movement's peace program.

The movement is sponsored by the United Nations Educational, Scientific and Cultural Organization. Its purpose is to promote better understanding among students of various nations.

Dear Celeste: The furniture will wear out long before you get the proposal you're waiting for! When a man has a woman freely contributing money and services to his household, he rarely puts his head in the matrimonial noose. Can anyone blame him?

Dear Dorothy Dix: My 17 year old brother has a buddy with whom he has been friends for many years. This boy and I have known each other since grade school and he's always been a brother to me. During the last few months, I realize I have grown to like him in a different way. My sorority is having a treasure hunt. Do you think if I asked him he'd get the idea that my feeling for him has changed? Is there any other way I can impress him with the fact that I want to be a girl friend to him, not a sister?

C. P. A.

Dear C. P. A.: The treasure hunt might give him the idea. You can add emphasis by dressing up a bit when he comes over — don't stick to blue jeans. If you have a good time on the treasure hunt, ask him to come on other affairs, but don't push your luck too far. Men can be very dense sometimes, and it might take time for the new you to make an impression. You've got the inside track, though. Don't be discouraged. If at first you don't succeed, etc., etc.

Dear Dorothy Dix: I liked a certain boy for over a year and was thrilled when he finally asked me for a date. I was heartbroken when I found out what he really was like. Because I wouldn't give him all the freedom he wanted with me he became angry and wouldn't talk to me. Now he's changed, but still won't talk to me. I long for his friendship and can't be happy with any other boy.

GINGER
Dear Ginger: Now how in the world do you know he's changed? Isn't that a rather ridiculous assumption to make when you have not even spoken to him in months? If he wants your friendship on your terms, he'll ask for it. If you chase him, he'll know it's being offered on his terms. Stay away from any involvement like that. Go out with other boys — the ones who will put a high value on your companionship.

Favored Beer

as a beverage of moderation

It was Jefferson who brought brewmasters from abroad to teach the art to Americans. Madison favored a duty on foreign beers to protect the young brewing industry in this country. George Washington had his own personal recipe for brewing beer. To them, beer was a light beverage, suited to their high principles of tolerance and temperance.

in ARKANSAS

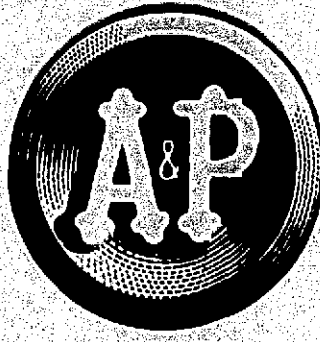

The United States Brewers Foundation works hand-in-hand with state licensing and control officials to see that beer is presented to the public in a clean, wholesome, law-abiding manner — in keeping with the traditions established by our Founding Fathers. That's why beer, today as in the past, continues to be a part of American life — a light, refreshing beverage served in two out of three American homes.

CHAPTER X
I went back to the counter. I showed the man my ticket and said I'd like to take another look at the seating arrangements. He brought out the chart. Only one additional name had been added to it since I last looked at it. A seat in the tail of the plane. No. 27, next to the window. The name was Sanjuro.

"I think," I told the man behind the counter, "I would like to change my seat."
"Your name?" he asked.
"March."
He looked at the chart. I was down for a window seat up front. He looked up. "Something wrong, Mr. March?" he asked.
"Nothing wrong," I said. "I just heard that we may have some strong winds between here and Miami. I always prefer to sit in the back when there are strong winds."
"He looked at me suspiciously. There hasn't been any change in the weather forecast," I said innocently. "How about that?"
"The same seat is free," he said. He sounded even more suspicious. He probably still remembered the pretty little brunette who had just been there.
"Fine," I said. "I'll take that. Do you mind firing it up?"
He removed the seat stub from my ticket and put a new one on. Then he made the changes on the chart. But he still didn't like it. He decided to try a gambit.

Father's breakfast muffins
The Recipe
Blend together 2 tablespoons sugar and 1 1/2 teaspoons cinnamon; set aside. Sift together 1 1/4 cups sifted all-purpose flour, 2 teaspoons Clabber Girl Baking Powder, 1/2 teaspoon salt, and 1/2 cup sugar. Cut in 1/2 cup shortening until mixture is fine; stir in 1/2 cup chopped nut meats and 1/2 cup seedless raisins. Beat together 1 egg and 1/2 cup milk until just blended; add all at once to flour mixture; stir until ingredients are just dampened. Fill 12-2 1/2 x 1 1/2-inch greased muffin pans one-fourth full of batter. Sprinkle each with about 1/2 teaspoon sugar-cinnamon mixture. Top with remaining batter evenly, smoothing the surface. Bake in a 400° F. (hot) oven about 20 minutes. Serve hot. Yield: 12 muffins.

The most important thing about baking...
It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final, balanced rise to light and fluffy texture in the oven.

Monument May Be Hitchcock's Next Target

By BOB THOMAS
HOLLYWOOD (AP)—Alfred Hitchcock says he expects to realize his long ambition—filming a chase over the Mt. Rushmore Monument.

He may be spoofing, but you never can tell about Hitchcock. After all, he has made use of the Statue of Liberty, the tilted liner Normandie and other landmarks in his long and distinguished production of movie thrills.

Hitchcock has just returned from premiering his latest film, "Vertigo," in San Francisco. Now he goes to work with writer Ernest Lehman on a picture he calls "North by Northwest."

The story is a modern spy tale, and Hitchcock lamented that they are much harder to do than they were in prewar and wartime days.

"How can you tell who a spy is these days?" he sighed. "They no longer sport cloaks and daggers. They might be the nuclear physicist or the wives of millionaires."

"It is difficult to make a spy picture that will compete with real events in the world. How could you concoct a story as fantastic as the flight of Rudolph Hess?" I asked him why he didn't film the Hess story.

"I don't think it would be a success, for the same reason that Joan of Arc has never been—everybody knows the ending," he said.

The director can be proud of "Vertigo" which is in the best Hitchcock tradition. James Stewart gets a real acting workout. As for Kim Novak Hitchcock grinned: "I finally made her act."

Jews Making Integration Part of Meet

By DOUGLAS CORNELL
MIAMI BEACH, Fla. (AP)—The American Jewish Congress headed into a national convention today with a warning that violence against Jews is exploding out of lawless resistance to school integration in the Southland.

Sidney Hollander of Baltimore convention chairman said Southern states have the major responsibility for halting the wave of violence. But he also said the U.S. Department of Justice is following a hands-off policy which has no justification.

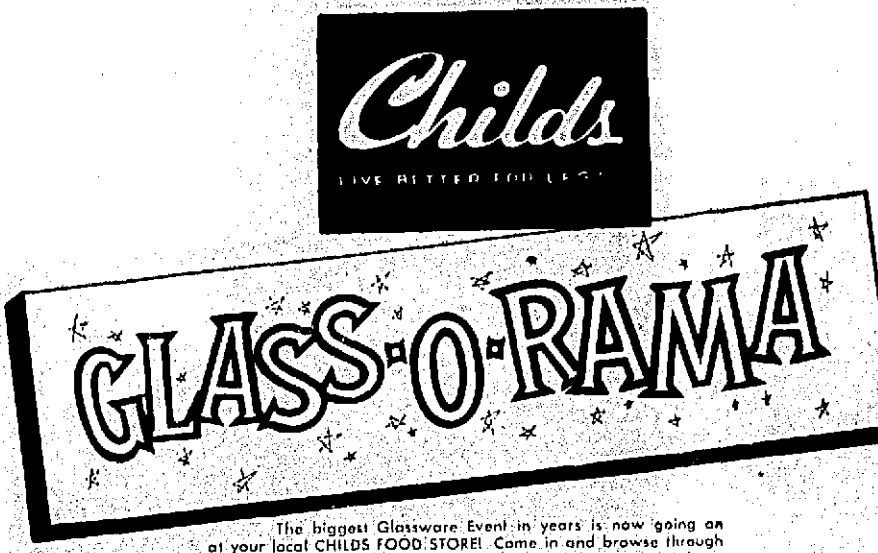

President Eisenhower sent greetings and words of praise to the convention—a meeting at which criticism of his position on racial problems and administration policy in the middle East is out in the open.

In a keynote address prepared for the opening session of 500 delegates representing nearly 300,000 American Jews, Hollander said "Negroism is a prelude to anti-Semitism and the disregard of law is a prelude to indiscriminate violence."

"Assault against the Negro in Little Rock is followed quickly by bombs against the synagogues of Miami Beach and Nashville," he said.

Since Jan. 1 of last year 47 dynamitings and attempted bombings have occurred in the South. A synagogue and Negro high school were blasted last month at Jacksonville, Fla., and a Jewish temple at Miami and synagogue at Nashville, Tenn., in March.

RODE RAILROAD
Andrew Jackson was the first U. S. president to ride on a railroad train, making the trip June 6, 1833, between Elliott's Mills and Baltimore, Md., a distance of 13 miles.
